EXECUTIVE OFFICE OF THE PRESIDENT
NATIONAL AERONAUTICS AND SPACE COUNCIL
WASHINGTON 20503

September 8, 1966

Dear Bill:

This is a note to congratulate you on the excellent intelligence memorandum which your office prepared on the Soviet communications satellite system. This summary will be valuable in connection with the current policy deliberations that are under way regarding the U. S. communications satellite system.

I have relayed some suggestions to [REDACTED] regarding officials in the U. S. telecommunications area who would find this document useful.

FOIAb3b

Sincerely yours,

R. V. Mrowinski
